**City West and City East
Campuses** 13 August

Mount Gambier Campus 6 August

Mawson Lakes Campus 27 August

Whyalla Campus 27 August

Magill Campus 30 August

Are you ready to unleash your unstoppable future? Discover where a UniSA degree can take you at Open Day on Sunday 13 August at our City West and City East campuses.

We're giving you the full UniSA experience – totally unleashed. You'll hear from our experts, tour impressive facilities, meet staff and students, and can chat about your university application.

There'll be interactive demos, activated spaces, live music, food, and a wave of volunteers dressed in blue ready to show you life at UniSA!

Our city campuses will showcase everything you need to know but you can also join us at our Magill, Mawson Lakes, Mount Gambier or Whyalla campus events throughout August and uncover even more about your degree options and dynamic spaces you'll study in.

Ready to unlock your all access pass? Register at unisa.edu.au/openday

CAMPUS TOURS

Departing from Pridham Hall

Explore your future campus and where you'll study by taking a guided tour. Go to the Concierge Desk located in Pridham Hall to book your tour.

Architecture and Interior Architecture Tour

All day

Be inspired by our purpose-built facilities for architecture, art and design students. Explore our creative studios, workshops and museums, speak to current students, and view captivating portfolios of work on display.

Contemporary Art Tour

All day

Explore our dynamic art and design studios purpose built for ceramics, glass, sculpture, printmaking, jewellery, photography, painting and drawing – an artist's dream!

Creative Industries Tour

All day

Want to take your creativity to the next level? Tour our state-of-the-art creative spaces on campus and hear how you can gain real-world experience as part of your studies.

Design Tour

All day

Hear from technical experts and discover how you will gain hands-on experience in our purpose-built studios and facilities including a dedicated digital workshop – all you need to design your future.

Law Tour

11:00am | 1:00pm

Step inside our historic Law Building that was once home to the South Australian Brewing Company headquarters and is now the central hub for all UniSA law students. Discover our moot court where you'll participate in mock trials and visit our student-run Legal Advice Clinic.

Pharmacy and Pharmaceutical Science Tour

9:45am | 11:15am | 2:15pm

Visit our modern pharmacy learning suites and pharmaceutical science laboratories, meet teaching experts and discover how you will use state-of-the-art technologies while you study.

Student Life

10:00am | 12:00pm | 2:00pm

Discover the unique student spaces around City West Campus. See our modern facilities first-hand and get a real glimpse into campus life.

CITY WEST INTERACTIVITIES

Get the most out of your Open Day experience by exploring some unique activations.

Architecture Museum

Kaurna Building | All day

Discover Australia's only architecture museum filled with more than 200,000 items including records, drawings, photographs and more.

Business Hub

Yungondi Building | All day

Business minded? Start-up your future and visit our dedicated Business Student Hub, Business Atrium and Enterprise Suite to discover where a UniSA business degree can take you.

Creative Hub

Kaurna Building | All day

Ever wanted a creative career? Check out this immersive space to get a taste of our creative degrees on offer. From architecture, art and design to film, TV and visual effects, you can engage with activities, view student work on display and chat with teaching experts.

Images of Research and Teaching

Pridham Hall | All day

Explore how we stop at nothing to make a difference. Visit the Images of Research and Teaching exhibition and visually discover the breadth and diversity of UniSA's world-class research and teaching. Vote for your favourite image in our People's Choice Competition.

Kerry Packer Civic Gallery

Hawke Building | All day

Embark on a cultural experience that will challenge and expand your thinking. Explore our Artists On The Inside exhibition, displaying artwork created by adults incarcerated in South Australia's prisons.

MOD.

Bradley Building | 9:30am-3:00pm

Visit the FLEX exhibition at our futuristic museum of discovery (MOD.). Are limits made to be pushed? We dare you to find out. Your capacity for pain and perception of risk will be put to the test. FLEX up and see what you're capable of!

SASA Gallery

Kaurna Building | All day

Samstag Museum of Art presents the incredible moving image artwork of Amrita Hepi who uses vision of an inflatable dolphin and choreographed dance to explore what it means to be under surveillance. Amrita draws inspiration from a 1960s experiment backed by NASA where scientists tried to talk to dolphins.

STEM Hub

Fenn Place | All day

Visit our STEM Hub for everything science, technology, engineering, mathematics, space, defence, aviation and more. Meet current students and teaching experts, and see how you can get involved with our Motorsport and Pedal Prix clubs while you study.

UniSA Sport: An Inside Look

Pridham Hall | All day

Meet us at the UniSA Sport information booth inside Pridham Hall before taking a look at our impressive on-campus gym facilities, fitness studios and swimming pool.

UniSA Sport: Let's Play!

Hindley Street | All day

Get active with a variety of sporting activities, meet the team from UniSA Sport, and learn all about our sporting clubs and competitions.

Look out for our outdoor and environmental leadership students abseiling off Bradley Building during the day!

CITY EAST: WHAT'S ON?

CAMPUS TOURS

Departing from the Plaza

Explore your future campus and where you'll study by taking a guided tour. Go to the Concierge Desk located in the Plaza to book your tour.

Biomedical Science Tour

11:30am | 1:15pm | 2:30pm

Discover where you will study biomedical science and visit facilities designed to build your skills in areas like physiology, biochemistry, immunology, pharmacology, molecular biology, genomics and bioinformatics.

Clinical Exercise Physiology Tour

10:00am | 12:15pm | 2:00pm | 3:15pm

Explore our clinical exercise training facilities including biomechanics and exercise physiology laboratories for an inside look into how you will treat and manage injury and illness with exercise.

Exercise and Sport Science Tour

10:45am | 1:00pm | 2:45pm

Tour our exercise and sport science facilities including the High Performance Sport Centre and exercise physiology clinics, and discover how you can use these spaces to develop hands-on, career-ready skills.

Human Movement Tour

11:30am | 1:15pm | 2:30pm

Want an active career? Explore our state-of-the-art human movement facilities including specialised exercise physiology and biomechanics laboratories – your perfect training ground.

Laboratory Medicine Tour

10:00am | 12:15pm | 2:00pm | 3:15pm

Visit our purpose-built laboratory medicine facilities and learn how you will use specialised equipment to test and analyse blood, study tissue specimens, perform antibody screening and more.

Medical Radiation Science Tour

10:00am | 12:15pm | 2:00pm | 3:00pm

Tour our on-campus virtual 3D treatment room and state-of-the-art x-ray suites, meet staff and current students, and get an inside look into what it's like studying medical imaging, nuclear medicine and radiation therapy at UniSA.

Midwifery Tour

11:30am | 1:15pm | 2:30pm

Born to be a midwife? Explore our unique, clinician-led, authentic simulated hospital environment, specialised midwifery practice rooms and birthing suites designed to enhance your understanding of real-world midwifery practice.

Nursing Tour

10:45am | 12:00pm | 1:45pm

Discover our clinician-led, simulated hospital that replicates authentic hospital wards, clinical units and community areas – the only one of its kind in South Australia. See first-hand how you'll engage with residents of the virtual city, building skills for a successful career in nursing.

Nutrition and Food Sciences Tour

10:45am | 12:00pm | 1:45pm | 3:00pm

Tour our state-of-the-art nutrition and food science facilities including a dedicated nutrition hub – one of only a few in Australia. It's home to a \$1 million commercial kitchen, microbiology laboratory and sensory laboratory.

Occupational Therapy Tour

10:00am | 11:15am | 12:30pm | 3:15pm

Discover our occupational therapy workshop and facilities where you will gain the skills to help people of all ages maintain and improve day-to-day activities.

Physiotherapy Tour

10:30am | 11:45am | 2:30pm

Want to be a physiotherapist? See where you will get hands-on experience while you study with a tour of our dedicated physiotherapy learning spaces including our on-campus Physiotherapy Clinic and laboratories.

Podiatry Tour

10:45am | 1:00pm | 2:45pm

Step into our dedicated podiatry spaces including our manufacturing laboratory where you will learn how to create orthotics, casts and insoles, and modify shoes for a variety of requirements.

Public Health Tour

10:45am | 2:45pm

The environments in which we are born, grow, live, work and play matters. Discover our public health facilities where you will learn how these factors can influence health and wellbeing – and how they are continuing to change through the global pandemic and beyond.

Speech Pathology Tour

9:45am | 11:00am | 1:45pm | 3:00pm

Meet staff and current students to learn all about speech pathology at UniSA first-hand. Uncover how to diagnose and treat communication conditions including difficulties with speech, language, fluency and voice, and the skills you will develop to set you up for a rewarding career.

CITY EAST INTERACTIVITIES

Get the most out of your Open Day experience by exploring some unique activations.

Augmented Alternative Communication

C4-17, Centenary Building
10:30am | 2:00pm

Dive deeper into speech pathology by learning about Augmented Alternative Communications, and how we can utilise technology to broaden the world of speech.

Bringing New Life to Limbs

C8-17/18, Centenary Building
12:30pm | 3:30pm

Interested in occupational therapy? Look at rehabilitation tools and adaptive equipment to demonstrate how occupational therapists think and solve problems.

Foot Scan and Scalpel Skills

C8-17/18, Centenary Building
11:00am | 2:30pm

Step into a podiatrist's shoes and take a scan of your feet to learn about the orthotic manufacturing process. If you are feeling brave, take a scalpel and one of our 3D printed feet and discover how to care for the lower limb.

Health Check Station

C8-13, Centenary Building
10:30am | 2:00pm

Attend a mock health check screening and look at measurements of central blood pressure, blood glucose, forced vital capacity and bioelectrical impedance.

Medical Radiation Science Showcase

C7-08, Centenary Building | 12:30pm

Discover the world of medical radiation and specialisations in medical imaging, nuclear medicine and radiation therapy by looking at x-rays, radioactivity injections, mask fittings and treatment plans.

Nursing Showcase

C6-18, Centenary Building
11:30am | 1:00pm

Interested in a nursing career? Visit our purpose-built simulated hospital environment in action, learn about our virtual community of patients and discover how you will learn the basics of nursing care using state-of-the-art technology.

Pathology Specimen Showcase

C5-07, Centenary Building
12:30pm | 2:00pm

Enter the world of laboratory medicine – view our collection of teaching specimens and hear from our laboratory medicine experts.

Peak Performance Test

C8-17/18, Centenary Building
10:30am | 2:00pm

Interested in exercise and sport science? Watch a VO2 Max test – learn how we track expired air and how this can support athletes to perform at their best.

Physiology Parameters

C5-40, Centenary Building
12:30pm | 2:00pm

Look at biochemical science analyses and get involved in a PowerLab demonstration where technology is used to collect physiological data, like a pulse, in real time, as well as collecting and recording other parameters including blood pressure and flexibility.

Physiotherapy Showcase

C8-17/18, Centenary Building
11:30am | 3:00pm

Get involved and discover more about our physiotherapy degree with virtual reality, pain illusions and sport reaction times.

Test Your Limits

C8-17/18, Centenary Building
10:00am | 1:30pm

Dive deeper into the world of clinical exercise physiology and various exercise tests that determine cardiovascular fitness, strength testing and body mapping.

UniSA Sport: Get Active!

MY OPEN DAY CHECKLIST

REGISTER TO ATTEND UniSA OPEN DAY

Unlock your all access pass to Open Day at our City West and City East campuses. Don't forget, you can also register for other Open Day events that interest you at Magill, Mawson Lakes, Mount Gambier or Whyalla Campus!

Register at
unisa.edu.au/openday

BUILD MY ITINERARY

Get prepared before you head to Open Day by building your itinerary online so you can plan your very own experience. Create a unique schedule that captures the presentations, tours and interactivities at City West and City East that interest you most.

Plan your day at
unisa.edu.au/openday

YOUR CHANCE TO WIN!

Did you know when you register for UniSA Open Day, you go in the draw to win a **\$5,000 JB HI-FI VOUCHER?**

The ultimate start to uni life – how good would that be?!

THE DAY BEFORE

Work out how to get to City West and City East campuses

Our City West and City East campuses are conveniently located on North Terrace and easily accessible by all forms of public transport including trams, trains and buses. Public carparks are also close to both campuses.

Organise the best route for you at
unisa.edu.au/openday

ON THE DAY

Attend UniSA Open Day!

Here's how to get the most out of your Open Day:

- ✓ Head along to our Concierge Desk – your one-stop shop to book a campus tour or find out where to go
- ✓ Attend presentations
- ✓ Take a few campus tours
- ✓ Check out some interactivities
- ✓ Visit degree and information booths
- ✓ Have fun – grab a bite to eat, refuel with some coffee and enjoy the live music!

Mechanical engineering workshop at Mawson Lakes Campus

TV studio at Magill Campus

CAMPUS EVENTS

After you've unlocked your Open Day experience in the city, join us at Magill or Mawson Lakes Campus for a real inside look into some of our most popular areas of study.

MAWSON LAKES CAMPUS SUNDAY 27 AUGUST 11:00am–3:00pm

Are you ready to unleash the infinite possibilities in STEM? Come and explore where a degree in aviation, education, engineering, science, information technology, mathematics or software engineering can take you.

Mawson Lakes campus is at the centre of innovation and discovery. Spend time in our fully-equipped laboratories, flight simulators and immersive environments. Attend a presentation and hear from graduates and industry experts about an unstoppable career in STEM and education.

For more information and to register
unisa.edu.au/openday

MAGILL CAMPUS WEDNESDAY 30 AUGUST 4:00pm–7:30pm

Curious about a degree in film and television, journalism, communication, psychology, social work, social sciences, education, or arts?

This tree lined campus located in the eastern suburbs (just a short trip from the city) is where it all happens. Come and see our purpose-built learning spaces and studios, chat with future teachers, and further explore an unstoppable career where you can create, inspire and connect.

For more information and to register
